What am I?

I can weigh up to 300kg, but I can run very fast. I am very lazy and love to sleep on the beach, but I also go on very big fishing trips.

I am the smallest of my kind. I lay eggs and look after them normally between June and September. I look like a bird, but I cannot fly.

I live in the water, but breathe air. I don't have any scales, but swim very fast. I eat between 8 and 12 kilos of fish per day and have cone shaped teeth.
